FOR IMMEDIATE RELEASE

BRIDGE DECK REPAIR ON INTERSTATE 215 IN RIVERSIDE IN VARIOUS LOCATIONS

SAN BERNARDINO-The California Department of Transportation (Caltrans) has awarded an \$810,559, eight week contract to J. Francis Company of Riverside, California which will make repairs to bridge decks on Interstate 215 (I-215) at various locations from the Romoland Flood Control Channel near Ethanac Road to the State Route 60/State Route 91/Interstate 215(60/91/215) Interchange in Riverside. Specific bridge decks between these locations will be sandblasted, cleaned, and methacrylate sealing applied. Damaged joint seals will also be repaired or replaced and missing signs replaced.

Operating hours for this job are 10:00 p.m. to 6:00 a.m. Monday through Friday. The project is scheduled to begin on Tuesday, May 9 and is estimated to be completed by Thursday, July 7. Most of the work will require lane closures but there will be at least one travel lane in each direction at all times. There will, however, be several full closures of connectors, an undercrossing, and on- and off-ramps which will take place during scheduled work hours. Detours will be provided:

Location	Date	Time	Closure
SB 215 to SB215/EB60	Tues, May 10 – Fri, May 12	10:00 PM – 6:00 AM	Full connector closure
Chicago Avenue Undercrossing	Tue, May 10 – Thu, May 19	10:00 PM – 6:00 AM	Full undercrossing closure
NB 215 to WB 91	Mon, May 16- Fri May 19	10:00 PM – 6:00 AM	Full connector closure
Eucalyptus on- and off-ramps	Mon, May 31 – Fri, June 3	10:00 PM – 6:00 AM	Full ramp closures

Thank you for your patience as Caltrans works to improve your ride on I-215.
